

Student Academic Report

Student Name:

UDIT PATTNAYAK

SIC:

23BCEE20

Branch:

CST

Marksheet

Subject	Marks
Machine Learning	92
OOPS	81
COA	83
DBMS	95
Operating Systems	72
Total	423
Percentage	84.60%

Remarks:

Need to explore linux and other advanced concepts in OS.

Learning Path:

****Personalized Learning Path for Computer Science Student****

****Strengths:****

- Strong knowledge in Machine Learning (92)
- Excellent understanding of Database Management Systems (95)
- Good grasp of Object-Oriented Programming (81) and Computer Architecture (83)

****Weaknesses:****

- Needs improvement in advanced concepts of Operating Systems (72)
- Requires exploration of Linux

****Focus Areas:****

1. ****Advanced Operating Systems:**** Deepen understanding of OS internals, process management, and memory management.
2. ****Linux:**** Gain practical experience and comfortability with Linux systems.
3. ****Brush-up on OOPS and COA:**** Reinforce understanding and practice programming exercises.
4. ****Enhance ML skills:**** Explore more complex ML topics.

****Resources:****

1. ****Advanced Operating Systems:****
 - Book: \
